## **Katy Road between Detroit Street and Neff Road closed by sewer failure**

**Flint, Michigan. ---**

The Genesee County Road Commission announced that Katy Road between Detroit Street and Neff Road in Mt. Morris Township has been closed, effective immediately, January 31, 2012, until further notice, because a sanitary sewer failure is causing the road in that area to collapse. The Road Commission is hopeful that repairs can be made and the road reopened by the end of the week. No official detour will be posted.

Contact Assistant Maintenance Director Fred Jackson at (810) 767-4920 ext. 256 if you have questions.
