MDOT announces bridge work at 3 locations over I-75

Flint, Michigan. ---

Forwarded by the Genesee County Road Commission:

To All: The following bridges will be closed:

Farrand Road over I-75

We will be closing Farrand Road Bridge over I-75 tomorrow Thursday July 7th at 7:00 a.m. to start our bridge work. We are anticipating that the closure will be through Saturday July 9.

Lake Road over I-75

Once the work on this bridge is completed we will open up Farrand Road bridge over I-75 and then proceed to close Lake Road Bridge over I-75 on Monday July 11. We are anticipating that the closure for Lake Road will be for approx 4 calendar days.

Dodge Road over I-75

We will be closing Dodge Road Bridge over I-75 tomorrow Thursday July 7th at 7:00 a.m. to start our bridge work. The expected duration of this closure is approximately four (4) weeks.

The following is the detour route for Dodge Road closure:

Eastbound Dodge Road traffic shall be detoured onto northbound Linden Road to eastbound Wilson Road to southbound Clio Road, and westbound Dodge Road traffic shall be detoured onto northbound Clio Road to westbound Wilson Road to southbound Linden Road.

We have had message boards running on Farrand Road and Dodge Road informing the local traffic that the bridge will be closed on July 7th and to follow the detour route. Once Farrand Road bridge is closed we will move the message boards to Lake Road informing the locals of the upcoming bridge closure.

The work performed on Farrand and Lake Road bridge decks is very sensitive to moisture so if we get any amount of rain, the duration of the bridge closure will have to be extended.
