## ***MDOT announces brief I-75 closures to replace beams at Pasadena and Carpenter Roads***

Flint, Michigan. ---

### **Forwarded by the Genesee County Road Commission:**

*“Tomorrow night (6/14/11) we (MDOT) will be removing and replacing one steel beam from each bridge for Pasadena and Carpenter Road Bridges over NB I-75. If we have enough time to remove and replace the beams for both bridges we will, if not, then we will have the same operation going on Wednesday night. We will start on Pasadena Road bridge first then proceed to Carpenter Road bridge.*

*NB I-75 will be reduced to one lane starting at 8:00 p.m. At 10:00 p.m, we will implement 15 minute stoppage of the NB I-75 traffic in order for the removal of the beam. Once the old steel beam is removed we will open up one lane to clear traffic. Once this is happened we will shut down traffic for approx. 15 minutes to set the new steel beam.*

*I will be changing the NB I-75 DMS to indicate these intermittent stoppages.”*

While GCRC monitors its roads closely, it welcomes calls from the public regarding dangerous conditions such as large potholes or flooding. Motorists can report road issues to GCRC by calling (810) 767-4920, sending an email to [potholes@gcrc.org](mailto:potholes@gcrc.org) or clicking on the “Pothole Report” icon on its website, [www.gcrc.org](http://www.gcrc.org).
