## ***MDOT closes Northbound I-75 for repair of Carpenter Road overpass***

Flint, Michigan. ---

**The Michigan Department of Transportation** announced today that northbound I-75 has been closed at I-69 and traffic detoured to EB I-69 to northbound I-475 to NB I-75.

Motorists on NB I-75 in the Holly Road/Grand Blanc area are encouraged to exit to NB I-475 in that area. The entrance ramps to NB I-75 at Bristol Road, Miller Road, Corunna Road and Pierson Road have also been closed. The ramp from WB I-69 to NB I-75, including the ramp to Miller Road, is also closed.

The closure is necessary to make repairs to the Carpenter Road overpass over I-75. The overpass itself was closed earlier today.

Northbound I-75 will be closed until further notice.

For additional information contact MDOT's Matt Tomkins at (989) 233-6368, or Genesee County Road Commission Assistant Maintenance Director Fred Jackson at 810-691-2162.
