# PRESS RELEASE

FOR IMMEDIATE RELEASE August 12, 2011

Contact: Armando V. Lopez, P.E., MDOT Delivery Engineer  
(810) 653-7470

GCRC Web site: [www.gcrc.org](http://www.gcrc.org)

**\*\* High Priority \*\***

To All: On Monday, August 15, 2011 we will be closing the on ramp from Miller Road to SB I-75. Miller Road traffic will not be able to go onto SB I-75. Traffic will have to go west on I-69 and use the Bristol Road Interchange exit no 131.

The ramp closure should be for only one week, barring inclement weather (rain). The ramp closure will happen sometime on Monday if not Tuesday morning. Prep work will be performed on Monday and then we will proceed with the ramp closure.

The ramp closure is necessary to complete the last section for bridge painting of Miller Road Bridge over I-75. Crews will be working around the clock to minimize the time frame for this closure.

The Detour route is as follows:

EB and WB Miller Road traffic will stay on the connector road and proceed to use the ramp to SB I-75 where EB and WB I-69 split. Traffic will be directed to connector ramp to WB I-69, stay on WB I-69 then get off at Bristol Road interchange and loop around to EB I-69, then to SB I-75.

Please forward this information to any entity that may benefit from this. A message board will be in place informing the Miller Road traffic of the upcoming closure and detour. If anyone has any questions, please call at 810-653-7470.

Armando V. Lopez Jr. P.E.  
Delivery Engineer
