Road Commission partners for brush and stump disposal

Flint, Michigan. ---

The Genesee County Road Commission announced today that they have entered into a 3-year agreement with I.E. Inc. of Flint for the grinding and removal of brush, stumps, chips and logs from the Road Commission district garages at no cost to the Road Commission. According to Road Commission Assistant Maintenance Director Fred Jackson, the arrangement is a win-win partnership. “In the past, the Road Commission would pay a contractor to cut and grind this forestry waste, and then we would have our employees truck it to a landfill. With this agreement the Road Commission gets the brush and felled trees removed from its yards at no cost and I.E. gets recyclable material.” The agreement covers Road Commission facilities in Linden, Atlas, Montrose, Swartz Creek and Otisville.

Please contact Assistant Maintenance Director Fred Jackson at 810-767-4920, ext. 256 with questions or for more information.
