

Road Commission to begin work on Pasadena Avenue

The Genesee County Road Commission, with the Michigan Department of Transportation, is pleased to announce the rehabilitation of Pasadena Avenue between I-75 and Clio Road. Starting Monday, August 3, 2009 at 7:00am, this section of Pasadena Avenue will be under construction. Detour of Pasadena Avenue from I-75 to Jennings Road will start August 3rd and be opened to traffic August 24th. After a brief detour, one (1) lane of traffic will be maintained in each direction on Pasadena Avenue until completion in November.

This project, which entails repairing the 2 outside concrete lanes and reconstructing the 2 center lanes with concrete, is one of four for which the Road Commission will receive American Recovery and Reinvestment (ARRA) “stimulus” funding. The Road Commission will receive \$1,536,105 for this project. They are providing all of the engineering and inspection at a cost to the Road Commission of \$350,105.

For more information visit the Road Commission’s web site (www.gcrc.org) or call Fred Peivandi, director of engineering, at (810) 767-4920, extension 234.
