Re: **Repaving Various Sections of Carpenter Road West of McKinley Road**

Dear Supervisor Peck:

Attached is a proposed Agreement for repaving various sections of Carpenter Road east of McKinley Road with a two inch cap. The estimated cost of this project is \$210,507.26. The proposed project, as we discussed, is significantly less in both cost and scope than a complete reconstruction of this section of Carpenter Road.

Sincerely,

John H. Daly III, Ph.D.
Manager Director

Xc: County Commissioner Archie Bailey
Board of County Road Commissioners
