FOR IMMEDIATE RELEASE November 20, 2018

Contact: Bonnie Wood, P.E., Traffic Engineering Manager

(810) 767-4920 ext. 269

GCRC Web site: [www.gcrc.org](http://www.gcrc.org)

## **GCRC will use Oxcart to Process Transportation Permits starting December 1<sup>st</sup>** Flint, Michigan. ---

Beginning December 1, 2018, the Genesee County Road Commission will be changing the way transportation permits are processed. We will be transitioning to an online-based permitting platform via the website [www.oxcartpermits.com](http://www.oxcartpermits.com). Once the software is implemented, the older system of processing permits (via fax and/or email) will be discontinued. **Any other permit forms submitted after that time will not be accepted or reviewed unless arrangements are made with GCRC Permits staff.**

Any applicant wishing to apply for a transportation permit with the Genesee County Road Commission will have to use the Oxcart website. Registering an account with Oxcart is free and can be completed on their website under the “CARRIER” heading in the top menu of their homepage (<https://www.oxcartpermits.com/users/signup>). Some of the many benefits to using the Oxcart platform include:

- **Access to a simple, online interface for requesting transportation permits in Genesee County and many other county road commissions in Michigan.**
- **Paperless permits downloadable to your computer or any mobile device.**
- **Elimination of tedious paper processes, faxing and phone calls.**
- **Expedient process of permit approvals.**
- **Vehicle library where an unlimited number of vehicles or combinations of vehicles can be stored.**
- **An online, interactive mapping solution to assist in route selection.**
- **Permit approvals pushed to your email inbox.**
- **Streamlined, online payment system (Credit Card Only – see below)**

### **Processing and Credit Card Fees**

In addition to the Genesee County Road Commission permit fees, Oxcart collects a nominal convenience fee for each permit. Oxcart also collects a credit card payment processing fee for each permit. Currently, the credit card payment processing fees are as follows:

- Visa, MasterCard, Discover, American Express and Diner's Club – **2.9% of total permitting fee (permit & processing fee combined)**
- Plus a \$.30 transaction fee for **ALL** permits

We look forward to implementing this online service and the expected benefits it will provide.

Sincerely,

**Genesee County Road Commission Permits Division**

Please contact Bonnie Wood, P.E., Traffic Engineering Manager, at (810) 767-4920 if you have questions.
