## **Closures on Hill Rd. & US-23 for bridge repairs**

Mundy Twp., Michigan. ---

Beginning Monday, May 15, the **Michigan Department of Transportation** will complete steel repairs on the Hill Rd. bridge over US-23. The bridge was damaged in a high-load hit in May of 2022. One lane of northbound US-23 will be closed and Hill Rd. will be reduced to one lane. Repairs are expected to be completed by May 25. Drivers should allow additional time to reach their destination. Please contact the Michigan Department of Transportation Davison TSC at 810-653-7470 if you have questions.
