Northbound US-23 closure for Hill Road repairs in Genesee County start Nov. 3

DAVISON, Mich. - The Michigan Department of Transportation (MDOT) will begin repairs to the [Hill Road bridge over northbound US-23](#) in Genesee County. The Hill Road bridge was damaged in a high-load hit in May. Immediate repairs allowed traffic to resume on northbound US-23 but required a single-lane closure on eastbound Hill Road until permanent repairs could begin.

This work includes heat straightening and steel repairs to the beam, followed by protective paint coating.

County:

Genesee

Highways:

Northbound US-23

Hill Road

Closest city:

Flint

Start date:

Thursday, Nov. 3, 2022

Estimated end date:

Tuesday, Nov. 22, 2022

Traffic restrictions:

On Thursday, Nov. 3, crews will close one lane of northbound US-23 to begin work on the Hill Road overpass. This lane closure will remain in place through Nov. 22.

Beginning at 10 p.m. Friday, Nov. 4, northbound US-23 will be closed with traffic detoured via the entrance and exit ramps at the US-23/Hill Road interchange. Crews will reopen one lane of

northbound US-23 by 5 a.m. Monday, Nov. 7. Additional weekend closures of northbound US-23 may be required the following weekend, dependent on the extent of work completed during the first weekend.

Safety benefit:

This work will repair bridge damage sustained during a high-load hit in May.
